

PASTOR GAY FOUND GUILTY OF PEEPING

COMMISSION GIVES LIGHTEST
POSSIBLE PUNISHMENT FOR
THE OFFENSE.

PRESENT SESSION TO RESIGN

Commissioners Deliberated for Two
Hours Tuesday Night—Gay is
Admonished for Actions.

The Presbytery's commission which investigated the charges against Pastor Gay at Utica Tuesday, found the minister guilty of unministerial conduct in that he peeped through certain windows at night. It inflicted the lightest possible penalty, viz., an admonition. The commission also investigated the church and ordered the present session to resign. Upon some of the charges the pastor was acquitted. He will not appeal to the Synod.

The Rev. T. Boyd Gay, former pastor of the Presbyterian church at Utica, is satisfied with the finding of the Presbytery's special commission which late Tuesday night found him guilty of unministerial conduct and ordered that he be admonished as he will not appeal the case to the Synod.

According to the church law, Mr. Gay was required to give notice of appeal before sentence of the commission was pronounced but he gracefully accepted the finding of the court and this settles finally the celebrated affair in the Utica church.

Having deliberated for an hour and a half the commission of seven ministers and laymen agreed at 10:15 Tuesday night upon the verdict just announced and then voted on the question of penalty. Four voted for admonition and three for rebuke. Mr. Gay was called into the church and the admonition was pronounced by the chairman, Rev. Mr. Ravenaugh of Mt. Vernon.

The judicial committee appointed by the Zanesville Presbytery met on October 22 to investigate and if deemed wise prefer charges and try Mr. Gay. This committee consisted of Rev. Jas. Ravenaugh of Mt. Vernon, Rev. S. M. Nesbit of Palaskala, Rev. E. J. Wright of Roseville, Elders J. R. Johnson of Coshocton, T. M. Edmiston of Newark and W. P. Bogardus of Mt. Vernon. The commission met in Utica one month ago and the following formal charges were preferred in the name of the Presbyterian church against former Pastor Gay:

1. The Judicial commission charges the Rev. T. Boyd Gay with unministerial conduct. First specification—peeping into windows and doors of neighbors houses about Sept. 1, 1905. Witnesses Mrs. H. C. Deems, H. C. Deems, Margaret Bebout, Mrs. J. S. Cline, W. E. Rowls and others, all of Utica. Second specification—asking for Masonic favors in a questionable way. Witnesses, W. E. Rowls, Prof. Householder and others.

2. The Judicial commission charges Mr. Gay with falsification. First specification—confessing to some that he was guilty of specification one under charge one, and afterwards denying that specification one, charge one was true and that he never confessed. Witnesses, members of the session, Captain B. F. Hall and others. Second specification—agreeing with the session of said church that he would resign the pastorate of the church on May 1, 1906, and then failing to keep his word.

3. The Judicial commission charges Mr. Gay with threatening to disturb the peace of said church. First specification. He so threatened. Witnesses, Prof. Householder, Capt. B. F. Hall. Second specification, he tried to carry out his threat. Witnesses, session of the church and others of Utica.

It was to hear the witnesses for the prosecution and defense that the commission of seven visited Utica Tuesday and the entire afternoon was spent in hearing evidence against the minister. An evening session was held to hear the pastor's side of the case. A dozen witnesses appeared against Gay and about the same number appeared for him. The evidence at this, the fourth hearing of the case, was given under oath, and when it came to sifting matters down to the fine point many things that had been said against the pastor were not sustained. Mr. Gay himself said that his enemies had made a mountain out of a mole hill and had exaggerated facts out of character and standing in the community.

Direct evidence that he was guilty of charge one, specification one, namely, peeping in ladies' windows at night, was given and when it came to

a vote on the several charges the commission stood as follows:
Charge 1, specification 1—guilty 5, not guilty 2.
Charge 1, spec. 2—not guilty 7.
Charge 2, spec. 1—not guilty 7.
Charge 2, spec. 2—not guilty 7.
Charge 3, spec. 1—guilty 6, not guilty 1.
Charge 3, spec. 2—not guilty 7.
Then the commission considered the penalty and voted to make it the mildest possible, so the pastor was called into the church and was admonished by Mr. Ravenaugh to do better in the future.

The same commission which tried Pastor Gay was authorized to investigate the condition of the church. The following resolution was adopted—that the rotary system of eldership be adopted by this church and that the present session resign for re-election. This action indicates the condition of the church as the investigators found it. The church has a membership of about 350. Rev. Mr. Gay who has not been identified with the Utica church for several months, is a man about 32 years old, has a wife and three children. He is well educated and is a pleasing speaker.

SIX ARE HURT IN WRECK ON MONON ROAD

Frankfort, Ind., Dec. 5.—Monon passenger train No. 36 was wrecked this morning at Cambria, and several persons were injured. The wreck was caused by a broken rail. The most seriously injured were six persons who boarded the train here. They are:
Frank Kelly, Frankfort.
W. L. Davis, Frankfort.
Chas. B. Cromwell, Frankfort, county auditor-elect.
Mrs. Chas. B. Cromwell, Frankfort.
Samuel Brown, Geotingsville.
David Mabbitt, Munson.

The engine and the baggage car passed over the break but the smoker and one coach were thrown into the ditch where they turned over. All occupants were hurt, but it is said that none will die.

LIVES LOST BY FLOOD IN ARIZONA MUCH DAMAGE DONE

Phoenix, Ariz., Dec. 5.—The only information available concerning the reported great loss of life at Clifton, Graham county, southeastern Arizona, is contained in a private dispatch today that half the town was destroyed. The population numbers 900. A dispatch from Globe says all railroad communication is cut off by the carrying away of the bridge over the Gila river near San Carlos. It is believed that there is enough of fuel and provisions in the city to prevent famine.

Bisbee has a report that the principal business section of Clifton was almost completely ruined. The flood was caused by the bursting of the Detroit dam. From seven to twenty persons is the report of the loss of life. Mrs. Joseph Thon was caught in a falling building and was killed.

One of the saloons which was washed away carried several men into it so torrent and they are believed to have been drowned.

A woman and a child were lost in a small restaurant which was dashed to pieces in the flood. A number of small frame buildings in which people were known to be living were also destroyed and it is feared that a number of families perished.

LYNCHING CASE IN SUPREME COURT

Washington, Dec. 5.—In the supreme court of the United States argument was begun on the legal phases in the contempt cases instituted by the department of justice against Sheriff John F. Shipp of Hamilton county, Tenn., and 27 others, all charged with conspiracy to lynch the negro Ed Johnson, who, after the supreme court had taken cognizance of his case last March, was taken out of jail at Chattanooga and hanged by the mob. The argument for the government was made by Solicitor General Hoyt.

TO RAISE SALARIES.
Washington, Dec. 5.—Representative Gaines of Tennessee introduced a bill raising the salaries of members of Congress to \$7,500, annually, to become effective in the Sixty-first Congress and reimbursing them for money actually spent in going to and from each session of Congress.

ROSE PASTOR TAKES BURGLAR AS A WARD.

MRS. ROSE H. PHELPS STOKES.

White Plains, Dec. 5.—Mindful of the rosate romance that elevated her from a Ghetto cigar maker's bench to be the wife of a wealthy youth of one of New York's proudest families, Rose Pastor Stokes listened to the plea of Charles Haworth's fiancé and appeared in court here today to ask leniency for Haworth who was arrested as a burglar.

The wife of J. Graham Phelps Stokes told County Judge Platt that she had investigated the case most carefully and found that since Haworth came to this country eleven years ago from Germany he had led a spotless life, until when out of work and engaged to be married, desperation had driven him to commit burglary.

MARLBOROUGH'S TROUBLES BOUND TO GET INTO ENGLISH COURTS NO CHANCE OF FRIENDLY AGREEMENT

London, Dec. 5.—The marital troubles of the Duke and Duchess of Marlborough are bound to come into the courts for settlement as all hopes of a friendly agreement are gone, according to the Manchester Dispatch. The Duke, it today states, regards himself as the injured party and is insisting on securing "his rights."

How to dispose of the children is proving the greatest difficulty. They are frantic at the idea of leaving their mother. They regard the duke as a distant acquaintance. He is determined, however, to have them. Consuelo is willing to agree, but the children resolutely refused. Your correspondent learns that King Edward is still making great efforts to keep the affair out of the divorce court and prevent disclosures which are expected to make the case the greatest "cause celebre" of recent years, but indications are that he will not succeed.

TARIFF REVISIONISTS RENEW FIGHT.

Washington, Dec. 5.—Massachusetts tariff revisionists in the House who last session worried the speaker and the Republican standpat leaders, by their agitation are renewing the fight.

Butler Ames, who is one of the foremost members of the delegation in the movement to force the standard to give away, today said:

COMMISSION VISITS NEWARK TOMORROW

The commission appointed to select a site for the proposed state hospital for crippled children, will go to Zanesville from Columbus Thursday morning over the B. and O., arriving there about 8:30 o'clock. After inspecting the site offered in that city, the commission will come to Newark over the interurban, arriving here at 2:15.

COUNT BONI'S DEBTS.

Paris, Dec. 5.—Another hearing was held today in the suit of the creditors of Count Boni de Castellane and his former wife, Maitre Cruppi, representing Madame Gould announced she intends to pay debts relating to the household, but draws the line against reimbursing money lenders who supplied Boni with funds for extravagances.

ASKED FOR INCREASE OF 15 PER CENT. SEVEN GIRLS BURNED.

Chicago, Dec. 5.—The Brotherhood of Locomotive Firemen today decided to ask 17 trunk railroads in the north-west, southwest and middle west, for an increase of 15 per cent an eight hour day and better working conditions.

Edward McCoy a negro coachman was cremated in a fire which destroyed the stable of Charles Bruckman at Avalon, Pa.

WAR WITH JAPS IS UNAVOIDABLE SAYS FURUSETH

ABSOLUTE EXCLUSION IS ONLY
REMEDY, DECLARES SAN
FRANCISCO MAN.

JAPS ARE ATTACKED BY MOB

Dozen Men Had Just Left Train at
Adler, Washington, to Go
to Work.

Boston, Jan. 5.—"War with Japan is eventually unavoidable," says Andrew Furuseth, of San Francisco, chairman of the national legislative committee of the American Federation of Labor, and a leading Pacific coast writer on labor and industrial topics, who is now in Boston attending the international convention of Seamen's union. When asked for his opinion of the President's message regarding Japanese exclusion, Furuseth said:

"I think and believe that every thoughtful man in this country believes there is going to be war sooner or later between the United States and Japan. I do not believe opening the country to Japanese will prevent it. I think that such a war is almost inevitable because of Japanese ambition and I believe the fewer the Japanese here who we have come, the better. I don't think this matter is simply an industrial question. It is a question which, race is to dominate the Pacific coast. Absolute exclusion is the only remedy."

Tacoma, Wash., Dec. 5.—The sheriff will be asked to send deputies to Adler to protest against a dozen Japanese being taken there to work. When the Japanese left the train they were set upon by a mob, who beat, kicked and threatened them with death if they did not return to the coaches. Conductor Kirkpatrick pluckily took the part of the Japanese and cowed the mob. After the train left the mob drove the Japanese down the track and told them if they returned to Adler they would be shot. Officers are investigating the case and arrests will probably be made. At a meeting called at Adler to discuss the arrival of Japanese inflammatory speeches were made.

MURDERER BREAKS OUT LEBANON JAIL

(Bulletin)
Lebanon, O., Dec. 5.—Henry White the negro murderer of Marshal Bashore, of Franklin, O., five weeks ago, escaped from jail here this morning in a most mysterious manner. Bloodhounds are now on the trail.

Fire in the business district of Montreal caused a loss of \$150,000. Zero weather and narrow streets handicapped the firemen.

SENATE WILL MAKE A FULL INVESTIGATION

MATTER DEFERRED TODAY ON
ACCOUNT OF ABSENCE
OF PENROSE.

ALL WAR TALK IS NONSENSE

This is Opinion of Mr. Jenkins—An
Amendment to Constitution Pro-
posed by Mr. Frye.

Washington, Dec. 5.—The determination of the Senate to have the fullest investigation into the dismissal from the army of three companies of negro troops, was made manifest this afternoon when Mr. Hale withheld a motion to take up consideration of executive business so that Mr. Foraker could place his resolution of inquiry. After a spirited debate, the whole question was deferred owing to the absence of Mr. Penrose, who introduced the first resolution of inquiry.

The answer of the Senate to the President's recommendation for legislation that would force San Francisco to give Japanese equal privileges with other residents, was to pass a resolution this afternoon calling on the secretary of commerce and labor to call information on the subject. It was presented by Senator Flint.

The Senate committee on foreign relations today made a report favoring ratification of the Algeiras treaty regarding Morocco.

Representative Jenkins of Wisconsin, chairman of the House judiciary committee, regarding the Japanese question said today: "There is no sense or justification in talking of war. All the facts are not before the public, and I apprehend few have carefully considered the law. The people can implicitly trust Roosevelt."

President pro tem Frye introduced in the Senate today a joint resolution providing for an amendment to the constitution that in the case of a person elected president die, decline or be unable to serve before his inauguration, the vice president be inaugurated.

MUNICIPAL ELECTIONS

Boston, Dec. 5.—The re-election of eight out of ten chief magistrates and the reduction in the vote favoring the sale of intoxicating liquors were the general features of the municipal elections in 13 of the 33 cities in Massachusetts. While there was no change on the question of granting licenses in any of the cities, the no-license advocates made a gain in eight cities of 3,407, while the net gain for license in five cities was 1,488. The Republicans won in nine cities, the Democrats in two, while in the other two national political lines were not followed.

GILLETTE IS FOUND GUILTY OF GIRL'S MURDER

HERKIMER JURY DELIBERATED
FOR FIVE HOURS ON TUES-
DAY NIGHT.

WILL BE SENTENCED DEC. 6

Prisoner Not Visibly Affected When
Jury's Finding Was Announced
in Court.

Herkimer, Dec. 5.—Convicted of first degree murder late last night, Chester Gillette hopes to cheat the electric chair. Report has it today that Gillette tried to commit suicide in his cell by inhaling gas, but two husky guards at his cell door are now keeping a close watch.

Today Gillette showed little concern over his fate but his keepers say that the prisoner will not hesitate at self destruction, if he can escape the electric chair. His counsel told him today that his case will be appealed to the highest courts. They say there are many errors in the trial.

Grace Brown's father today said: "Gillette is guilty and he should be punished." His wife cried when the news was carried to her but she said, "I am so glad that he was convicted. I feared that the wretch might escape somehow. You must know how I feel against him for what he has done. I never saw him until I came to the trial three weeks ago."

Herkimer is quiet today.

Herkimer, N. Y., Dec. 5.—After deliberating for five hours, the jury in the trial of Chester E. Gillette for the murder of his sweetheart, Grace Brown, at Big Moose lake on July 11 last, returned a verdict of guilty in the first degree. The jurors had some difficulty in reaching an agreement,

CHESTER GILLETTE.

and six ballots were taken before the 12 men agreed. Up to that time the jury had stood 11 for conviction and 1 for acquittal.

Gillette sat motionless as one after another of the jurors arose to their feet and declared that they were united in their decision. When the twelfth man had responded, the stolid indifference or studied composure of the boy was exhibited as never before. Leaning over a nearby table, he drew toward him a bit of white paper and, taking a pencil from his pocket, wrote deliberately this message: "Father: I am convicted, Chester." This was one of the earliest dispatches carrying the news of Gillette's doom beyond the walls of the courthouse. It went to his father in Denver.

Sentence will be pronounced Thursday morning, to which time court adjourned after the jury had reported. Former Senator Mills, Gillette's counsel, before adjournment announced that when court reconvenes Thursday he would move to have the verdict set aside.

SPECIAL MESSAGES

Washington, Dec. 5.—President Roosevelt's special message to congress on Porto Rico will be sent to congress on Dec. 11. The President's views on the island and the legislation he favors are the direct outcome of his recent visit to Porto Rico. The president's special message on Panama will be laid before congress on Dec. 17.

Senator Dick is quoted as saying that Governor Harris will be renominated and elected in Ohio and that Senator Foraker can have the Buckeye delegation as a presidential candidate in 1908.

PRESIDENT'S MESSAGE BOILED DOWN

Those who found the President's message published in Tuesday's paper too long for personal, may be interested in the following summary of the principal features of the document:

The President recommends:

A law prohibiting corporations from contributing to campaign funds.

Revision of the statutes to give Government the right of appeal in both civil and criminal actions against trusts.

Capital punishment for rape.

Rigid enforcement of the eight hour law where practicable.

Shorter hours for railway employees.

Investigations of the condition of the labor of children and women.

A more stringent employers' liability act.

Provision for Federal investigation of controversies between capital and labor.

Withdrawal of public coal lands from sale or entry.

Amendment to meat inspection law providing for placing dates on cans.

Some method whereby at an early date the Federal government may exercise a more complete control over corporations.

A graduated inheritance tax, and if possible, a graduated income tax, to be accomplished when next one system of taxation is revised.

National laws on divorce and polygamy.

Subsidies for the development of American shipping.

Revision of the currency laws.

Lower tariff or absolute free trade for the Philippines.

Citizenship for the Porto Ricans.

An act providing for the naturalization of Japanese.

The amendment to the statute so that we can enforce the rights of aliens under our treaties.

That the navy be maintained at its present strength by replacing ob-solete ships with new ones.

A new principle of selection in both the army and navy, which will bring into the higher ranks fewer men, and these at an earlier age.

Of race suicide the President says it is "a sin for which there is no atonement."

Of Cuba: "If the elections become a farce and if the insurrectionary habit becomes confirmed in the island it is absolutely out of the question that the island should continue independent."

DISAPPOINTS CALIFORNIANS

Roosevelt's Treatment of the Mooted Japanese Question.

THEIR SOLONS DISCUSS IT

Rayner of Maryland Calls Up the Matter in the Senate—Feeling Running High on the Pacific Coast. Hostile Demonstration in the City of Tokyo.

Washington, Dec. 5.—President Roosevelt's discussion of the San Francisco school situation in the message was received with great dissatisfaction by the California delegation in the house. The members of the delegation from that state are unanimous in their declaration that no treaty rights have been violated in excluding Japanese from public schools attended by whites. The suggestion in President Roosevelt's message that naturalization be extended to Japanese is extremely distasteful to the California delegation in the house.

West and South find themselves in sympathy on two propositions. One is the race issue; the other is the suggestion of federal intervention to enforce the terms of the treaty with Japan. It was the suggestion of using all the forces, civil and military, of the United States that touched the spot with the Californians. They had not expected, at so early a stage of the discussion, to have the administration suggest using military power against them.

In the senate Mr. Rayner of Maryland introduced the following resolution on the Japanese question: "Resolved, that in the opinion of the senate, this government has no right to enter into any controversy with any foreign government relative to the public school system of any of the states in the Union; resolved further, that it is the opinion of the senate that there is no provision in the treaty between the United States and the government of Japan that relates in any manner to this subject or in any way interferes with the right of the state of California to conduct and administer its system of public schools in accordance with its own legislation; and resolved further, that it is the duty of the president of the United States to notify the government of Japan and to notify any foreign government with which the question may arise that the public educational institutions of the state are not within the jurisdiction of the United States, and that the United States has no power to regulate or supervise their administration."

Seek South American Fields. San Francisco, Dec. 5.—In confirmation of the report published several days ago that Japan is preparing to enter into competition with the United States in South American trade, word was received from the orient and confirmed by representatives of Japanese steamship lines that steamers will be withdrawn from the San Francisco run and sent to Chile. The general manager of one of the most prominent of these lines, who visited this city in the interests of the line, said that after the completion of modern 12,000-ton steamers building at Kobe they will be placed on the run between this port and Yokohama. That Japan will immediately enter the competition he would not say. It will require almost two years to complete the vessels building, and until that time the America, Hongkong and Nippon will ply their accustomed routes.

Resent Administration's Stand. San Francisco, Dec. 5.—The feeling in San Francisco is high. The city and parts of the state are openly, bitterly and resentfully opposed to the administration's stand in regard to the school question in San Francisco. The people believe the Japs are seeking to find a cause for a quarrel with the United States and have chosen the San Francisco school situation as the bone over which to pick a quarrel and start a war. "If California is to remain one of the United States," declared the commissioner of labor for California, "then it must stop invasion and settle the question. The Japanese are swarming into California at the rate of over 1,000 a month, more arrogant, more chummy than any other people." "The school board of San Francisco never will change its attitude on the school question," declared the superintendent of schools.

Demonstration in Japan. Tokyo, Dec. 5.—The growth here of the anti-American feeling is beginning to cause great annoyance in the government, which is earnestly trying to smooth matters over. The most significant incident which has thus far taken place is the burning of the splendid Grant memorial, erected on the visit of the distinguished general. Ulysses S. Grant, and intended as a permanent reminder of the old and steadfast friendship between the two countries. Today it is a heap of smoking ruins, and no effort is being made to conceal the fact that it was deliberately destroyed as an object lesson.

Democratic Victory. Los Angeles, Cal., Dec. 5.—Returns indicate the election of Harper (Dem.) for mayor by a plurality of 3,000.

STATE NEWS

Deal in Coal Lands. Cleveland, O., Dec. 5.—Over \$1,000,000 is involved in a coal deal which was closed here. T. E. and A. W. Young disposed of their interests in the Glens Run Coal company of this city to purchasers represented by Michael Gallagher of Mount Pleasant, O. The purchase of the Young interests, it is said, is another step toward the contemplated merger of all east Ohio coal property into about four companies. Gallagher, it is understood, represented the M. A. Hanna company of this city in the purchase. The Glens Run Coal company owns five mines and about 7,000 acres of coal land near Rayland, O.

Buckeyes Sentenced. Chicago, Dec. 5.—Three men, well known in Ohio, were sentenced by Judge Landis in the United States district court to serve a term of one year each in the house of correction for conspiracy to violate the federal laws governing interstate traffic in articles used for immoral purposes. These men sentenced are: Robert D. Bradley, president of the Canton Rubber company of Canton, O.; Edwin Davis, vice president of the Canton Rubber company; William J. Oby, formerly an officer of the rubber company, but recently practicing law in Cleveland.

Refused New Trials. Cincinnati, O., Dec. 5.—The United States circuit court of appeals in session here affirmed the decision of the lower court in the case of Edward Flickinger versus the United States. Flickinger was indicted and convicted of conspiring with Otto L. Hayes of Gallon, O., president of a bank at that place, to wreck the bank. Judge Taylor of the lower court found both Hayes and Flickinger guilty and sentenced them to seven and a half years each in the penitentiary. Both asked for new trials, which were refused by the court below.

Child Burns to Death. Washington, C. H. O., Dec. 5.—Little Charles, 2-year-old son of Mr. and Mrs. Virgil Crosby, was burned to death at Mrs. Hugh McCoy's, south of town. His mother stepped to the door to empty a pan of water when the child thrust a small broom into the grate, from which it ignited its outfit gown. When the mother returned the child was struggling on the floor, its tongue being burned out and nose burned off. It died in a few hours.

Constable Fell Dead. Gallipolis, O., Dec. 5.—Lorenzo Dow Short, with a penitentiary record, shot and instantly killed Constable M. M. Singer at Proctorville when the officer attempted to arrest him for stealing. Short had threatened him with death, and shot him in the abdomen with a shotgun. Immediately after the affair Short went to the home of his brother with the shotgun with which he did the killing, and barricaded the door and defied arrest.

Found Guilty of Murder. Canton, O., Dec. 5.—James Cornelius was found guilty of murder in the first degree by a jury in common pleas court. Cornelius killed his wife by hitting her on the head with a window weight, fracturing her skull. He was formerly a sewer contractor and has been in jail, bail being refused since the crime, which was committed in September.

Son's Life Crushed Out. Lima, O., Dec. 5.—Missing his 14-year-old son Albert, who had been standing beside him on the platform, Clem Ferguson, a workman at the Pugh stone quarries, fed hundreds of pounds of stone into a 30-foot chute leading to the crusher below, smothering life from the lad, who, unknown to the father, had fallen into the chute.

Bartender Killed. Steubenville, O., Dec. 5.—Standing at the foot of a stairway in a house occupied by Mrs. Mollie Whiter, Harry S. Bell shot and killed William Roach, a bartender. Bell went to the house intoxicated, it is said, to shoot Mrs. Whiter for circulating a report about him. Roach started to come to her assistance. Bell was arrested.

Foraker For President. Steubenville, O., Dec. 5.—At a mass meeting of negroes held in the court house here a Foraker club was formed to boom the senior senator from Ohio for the presidency in 1908. An endless chain of letters was also started urging the negro voters all over the United States to organize at once for Foraker.

Tenant Cremated. Bellaire, O., Dec. 5.—An explosion of gas in a room of a three-story tenement house on Union street started a fire which gutted the building. Jacob Greenburg, in whose room the fire started, was literally roasted to death. Other families had narrow escapes. Loss \$5,000.

Christmas in Bethlehem. Shepherds still watch their flocks by night during the Christmas season around Bethlehem, says the Travel Magazine. It is the most peaceful scene in all the Holy Land. Yearly they watch the procession of pilgrims that winds its way from the Church of the Holy Sepulcher through the Via Dolorosa, out through St. Stephen's gate, where the martyr was stoned to death, and across the plains to Bethlehem. All night long the footsore travelers, who have gathered from every part of the world, may be seen trudging by starlight toward the little village of Bethlehem.

GOES TO PARIS FROM ROME

White to Succeed McCormick as Ambassador to France.

OTHER CHANGES TO BE MADE

Lloyd Griscom, Now Minister to Brazil, to Be Transferred to the Italian Post, and Charles Page Bryan to Brazil.

Washington, Dec. 5.—Important diplomatic changes are imminent. According to announcement Hon. Henry White, American ambassador to Rome, will be transferred in the near future from that post to Paris, where he will succeed Hon. Robert S. McCormick as ambassador. Mr. White will be succeeded at Rome by Hon. Lloyd O. Griscom, now American minister to Brazil.

Beyond these changes, it is stated that the president has not definitely settled upon the persons who are to be appointed to fill the vacancies caused by the promotions and exchanges. The name of Charles Page Bryan of Illinois, minister to Portugal, has been mentioned in connection with the post of ambassador to Brazil, which will be vacated by the promotion of Mr. Griscom to Rome. Mr. Bryan was formerly minister to Brazil, and his assignment to Portugal was in the nature of a promotion. Now it happens that, as the Brazilian post has since been raised to the rank of an embassy, his return to Rio would likewise be a decided promotion. The vacancy at St. Petersburg which will result from the transfer of Ambassador Meyer to the cabinet will probably be filled by the promotion of a person now in the diplomatic service with the rank of minister, though the change will not be made until next spring in order to await the retirement from the cabinet of Secretary Shaw and the transfer to the treasury of Postmaster General Cortelyou, which will afford the necessary place for Mr. Meyer.

NEW GAS WELLS THREE GOOD ONES

MR. EVERETT STRIKES A BIG FLOW ON CHANNELL FARM LICKING COUNTY.

Fees Fixed for Counsel in Lingafelter and Dickerson Cases—News of Nearby Towns.

Lock, Dec. 5.—The well on the Stephen Smith lease came in yesterday, good for two million feet. It is owned by the Ohio Fuel company. Channell's well No. 2, good for five million, and No. 3, good for three million, owned by the Everett company, are new wells in this vicinity.

EDWARD KIBLER'S WIFE
Coshocton, O., Dec. 5.—A bill for \$500 for Attorney Voorhees and Adams for defense of Ben Dickerson has been laid aside by the county commissioners marked "for further investigation."

"We will not pay that amount unless compelled to do so by the courts," remarked one of the commissioners.

Messrs. Voorhees and Adams were appointed by the Circuit Judges of the Eighth district who heard the Dickerson appeal here recently, to defend Dickerson, and Judge Marvin and his two conferees on the bench themselves fixed the sum at \$500, in the same manner that Judge Campbell the other day awarded Attorney Kibler of Newark \$225 for assisting in the prosecution of Mrs. Mary J. Lingafelter.

DR. PRICE READS PAPER.
Zanesville, Dec. 5.—The third annual meeting of the Eighth Council District Medical Society, comprising nine counties, was held here today. A banquet will be served tonight. The society has 400 members. Dr. D. J. Price of Newark, being one of the vice presidents. At this afternoon's session Dr. Price read a valuable paper on "Permanganate of Potassium."

ANOTHER BIG DIVIDEND.
Utica, Dec. 5.—The Utica Gas company which on September 1 declared a 10 per cent dividend, declared a 20 per cent dividend last night, payable January 1. The company has \$20,000 capital stock. The par value is \$10. The last sold brought \$21.

WILLIS M. RUNNELS.

MANY AND VARIED ARE EXPERIENCES OF THE UNDERTAKER

"Undertakers have many and varied experiences and some that would be considered hair-raising by the most people, but we get so used to the thing that we don't think anything of it," said a local undertaker when asked if he could furnish some reading matter for the Advocate.

After a little persuasion on the part of the Advocate the funeral man was started with a recital of some of his experiences. The undertaker is looked upon by most people as a man of unnatural gifts because of the fact that he conducts his uncanny business with an ease and unconcern which is apt to send creepy shivers up the spine of the ordinary individual. And in spite of the apparent unpleasantness of his work, the undertaker is, as a rule, one of the jolliest of professional men, and he counts the long, muddy drives in unpleasant weather as the most disagreeable of his many duties. Possibly the experiences which make their most vivid impression on the memory of an undertaker are those encountered in the beginning of his career.

One particularly interesting story is told of a man who was making his second or third call. An old lady had died in the country and it was necessary for the young undertaker to travel for some distance to get to the residence. When he arrived he was directed to the room in which the

LONG'S (OF COURSE.)

corpse lay. It was late at night and everything seemed to realize that it was in the presence of death. All but the wind. It howled and groaned through the trees and tried to test the nerves of the young undertaker with much such sounds as are brought to the imagination in a reading of the murder scene in Macbeth. The undertaker, being nervous too, because of how the "job" might turn out, went to work with trembling fingers.

The old lady in her death's struggle had been drawn into the shape of a letter "S," that is, her knees were drawn up tightly. The young man took hold of one ankle and, pressing on the knee cap straightened the one limb, then began operations on the other one. As he pressed that one down he was startled to feel something touch his shoulder, and, as he turned, his horror can be imagined at seeing the old lady sitting erect at his side. As soon as he was able to use his reason he understood that the muscles at the hip had stiffened and when he pressed the feet downward the trunk naturally was drawn up.

Another experience worth hearing is one told by a Newark undertaker of how he was called to care for the remains of an old man who had died while drawn in the shape of a semi-circle. The only way the corpse could be placed in a casket was by breaking the bones of the back and legs. This, of course, was objected to by the family and as the only remedy the undertaker was forced to order a casket which would be deep enough to accommodate the body in its bent condition. The body was so badly out of shape, that it was necessary to force the head down into the casket by the pressure of the lid as it was placed over the face. What would have happened had the pressure of the body forced the lid off during the funeral service is a thing hard to tell.

One young man who gave up the undertaking business after his first trip on a funeral, went into the manufacture of caskets. He left the business because he felt, and it all happened in this way. He was ordering the lowering of a body into a grave and stooped down beside the opening to adjust a strap when he slipped in the dirt and fell sprawling, with a "sickening hnd" square on the casket in the presence of all the mourners. He afterwards said that he would not have cared if they had just covered him and left him there until everybody went away.

Once a local undertaker went to attend a call where a colored man had died. In fact the man had been dead for some time, but the undertaker was taking no chances. As he began to make the incision in the dead man's arm for the purpose of injecting the embalming fluid, the man's flesh began to twitch and quiver. When the undertaker made an examination he found to his satisfaction that the man was dead but the muscles jerked for sometime after the fluid had been injected into the body.

It is not an altogether unusual thing for people to order caskets laid away for them, and instances are known where undertakers have been called to care for a body and were requested to wait until the party died, being told that they would be ready in "just a few minutes." Others have the "nerve" to call undertakers and make funeral arrangements while the people are still living so that the "funeral arrangements will be out of the way."

Still, people are bound to die and the undertaker makes his living off other people's deaths and sticks to the claim that business is dead.

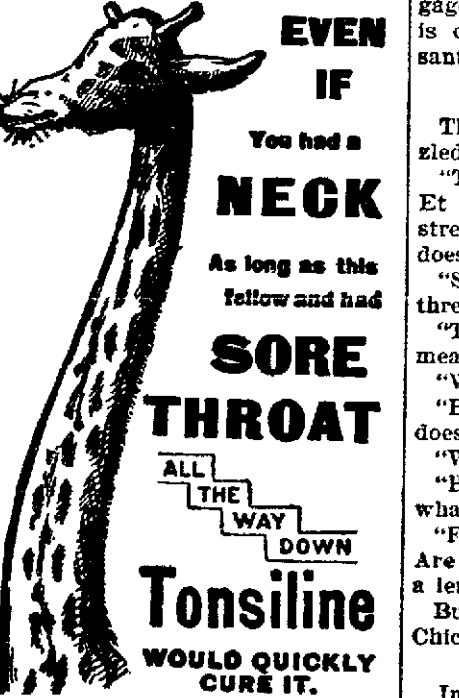

Just Like a Man.
"John," said Mrs. Stubbs, "suppose you were sitting in a car and should see a poor, tottering woman collapse because she had been holding a strap for twenty blocks. What would you do?"

"Why," replied Mr. Stubbs, "I am so tender hearted I think I should hide my face."

"Ah, in grief?"

"No; in a newspaper."—Detroit Tribune.

ANNA CARLISLE IS FOUND GUILTY

FORMER RESIDENT OF NEWARK
CONVICTED OF CONTRIBUT-
ING TO DELINQUENCY.

Victim Sent to County Infirmary—A Motion for New Trial Filed With Judge Black.

Columbus, Dec. 5.—After deliberating for 27 minutes the jury in the juvenile court found Anna Carlisle, a former Newark woman, guilty of contributing to the delinquency of Essie Brennan, aged 16, by keeping her for two weeks in the resort kept by the Carlisle woman at 31 South Front street.

The maximum penalty for the offense is 12 months in the workhouse and a fine of \$1000. Attorneys for the woman made a motion for a new trial. Pending disposition of the motion the Carlisle woman was released on \$1000 bond.

Judge Black today committed the Brennan girl to the county infirmary. She could not be accepted either at the convent of the Good Shepherd or the Girl's Industrial school at Delaware. Judge Black will make an effort to have the girl given proper medical attention at the infirmary in order to save her life.

The conviction of the Carlisle woman is the third secured in Judge Black's court for contributing to the delinquency of a girl under 17 under the law passed by the last legislature giving juvenile courts authority to punish adults. Helen Macklin, a Fifth street resort keeper, is under a sentence of six months and a fine of \$600, and George Kramer, keeper of the Kramer "hotel" is under a nine months sentence and a fine of \$600. The two last mentioned cases will be carried to the upper courts.

The only argument made to the jury in the Carlisle case was by Attorney Rubrecht, who volunteered to represent the state. When he finished his argument the Carlisle woman's attorneys waived any appeal to the jurors.

Judge Black has repeatedly declared he is determined that keepers of resorts must exclude girls under 17 from their places, under penalty of a rigid enforcement of the juvenile court law.

DEATHS AND FUNERALS

E. E. PETERY.

General Sherwood's Election Con-
tested.

The many friends of General I. R. Sherwood over the State will view with regret that his election to Congress from the Toledo district is to be contested by his defeated opponent. General Sherwood was the candidate of the Democrats and the Independents. His name was printed on the ballots of both these parties in the district, and in the city of Toledo, where the Independents are strong in numbers, General Sherwood received over 2,800 votes from this source.

The ground of contest by McClelland, the defeated Republican machine candidate, is a claim that the Dana law repealed by the Legislature last winter, was not repealed legally.

The Dana law, passed some years ago by order of the Republican State machine, prohibited the name of any candidate being printed on more than one ticket on the ballot. It was a plain restriction of the right of suffrage and was odious to every independent voter in the State. This widespread feeling against the law caused it to be repealed at the last session of the Legislature.

But on a mere technicality McClelland, whom General Sherwood defeated before the people, raises the point that the Dana law repeal was illegal, and he has applied to the Supreme court for a mandamus requiring the State canvassing board to throw out these 2800 votes that Sherwood received on the Independent ballots.

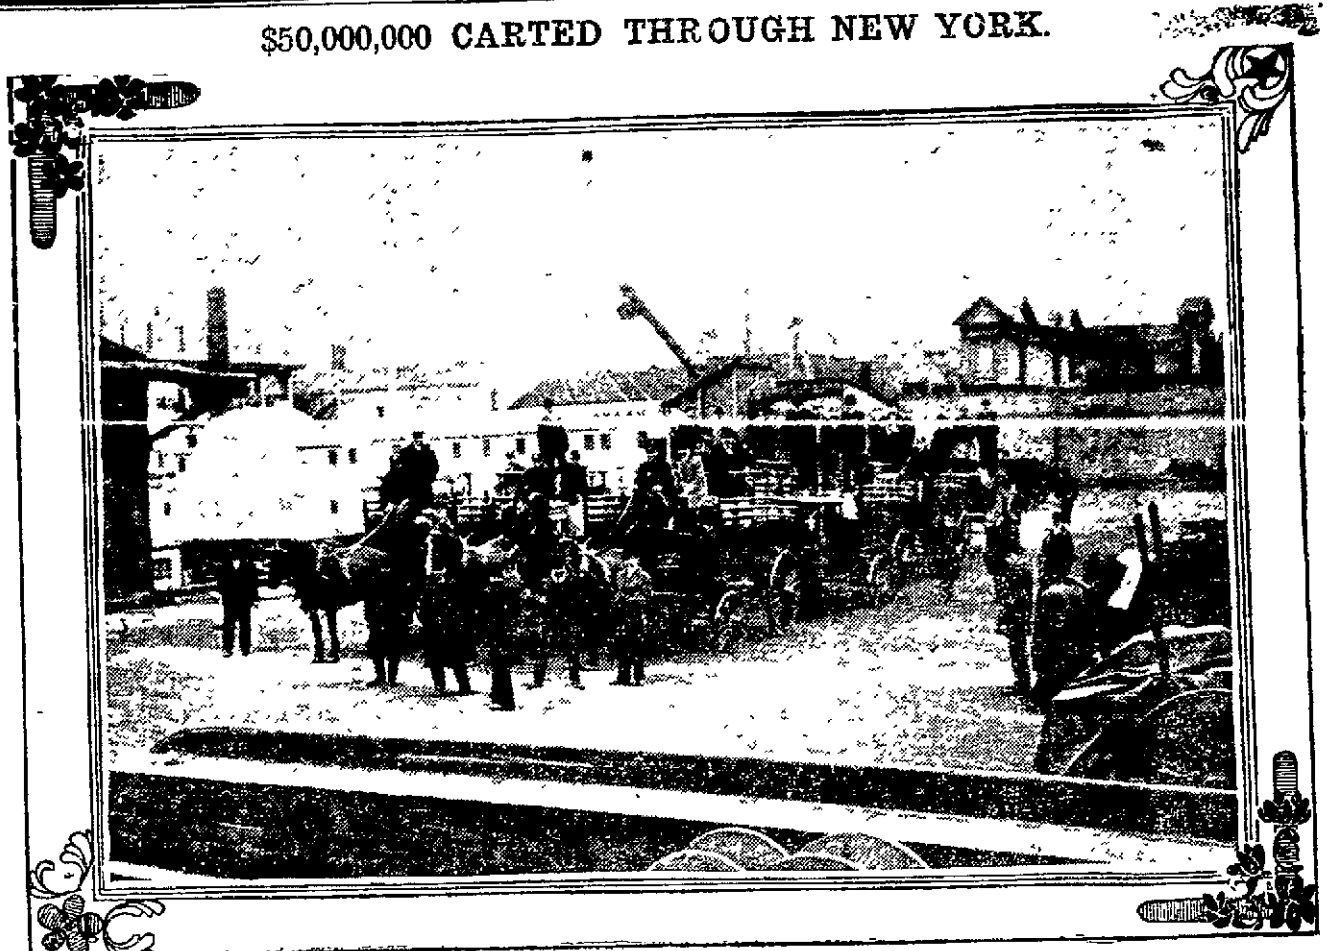

The case is to be heard by the Supreme court next Tuesday. Much interest is felt in the case throughout the State, for if the court holds that the repeal of the Dana law was not done legally, then the law is still in force and will be considered of special advantage to Republican machine politics.

But if the court decides in accordance with the intent of the Legislature, General Sherwood will not only get his certificate of election, but the independent voters of Ohio will have some rights that machine politicians can not ignore.

A Washington correspondent points out that the reading of the President's message called forth more plaudits from the Democratic Congressmen than from the Republican side of the House. And yet "stand by the President" was the slogan of every Republican congressional candidate in the late campaign. In fact, many of them saved themselves from defeat by resorting to this tricky device.

During the late campaign we heard a great deal of talk from the Diet. Foraker machine about "standing by Roosevelt." It was the machine's war cry of the campaign, though a large portion of the people knew it was purely hypocritical. The sincerity of Foraker himself was soon tested, for on the first day of the session the Senator threw off the mask and offered a resolution to investi-

\$50,000,000 CARTED THROUGH NEW YORK.

BONDS LOADED ON TRUCKS READY FOR TRANSPORTATION
New York, Dec. 5.—Fifty million dollars in bonds was unloaded at the French line pier Wednesday and at once put aboard the Province of the French line, for shipment to Paris. The bonds filled 110 boxes and furnished loads for twelve trucks. The shipment consisted of Pennsylvania railroad bonds covering a loan to the railroad taken by Paris in 1905. Shipment of these bonds was by the Adams Express company from the railroad treasurer's office in Philadelphia. A special express train bearing the bonds left that city at 9 o'clock and arrived in Jersey City at ten minutes to eleven. Thirteen special service men, in charge of Mr. Graham, of the Pennsylvania's secret service, acted as a guard. If the total number of sheets in this issue were laid lengthwise in one continuous line they would reach 296 1-2 miles. The total weight of the bonds was fourteen and a half tons.

AGED PARENTS

Of Convicted Murderer Are Threatened by a Second Son—Death Chair for Cornelius.
Wooster, O., Dec. 5.—With his brother, James Cornelius, found guilty at Canton of murder in the first degree for killing his wife, resting in the shade of the electric chair, Wm. Cornelius, of this county, today showed a like murderous disposition and threatened his aged father and mother, who are greatly troubled over the fate of their son James. Cornelius grew delirious after extensive drinking and swore he would kill his parents. He afterward went to a barn, saying he would swallow carbolic acid. He was found unconscious. He did not take the poison, however, as a stomach pump manipulated by a physician showed.

In the recent campaign in Utah and Idaho the Republican and Mormons united their forces and made common cause against the Democracy. This is the same Republican party that has always claimed to be the party of morality and piety and all true goodness. This is the same Republican party that started its political existence by proclaiming that polygamy was a relic of barbarism.

ARE YOU FOOD WISE?

Do You Select With Care What You Eat—The Maximum of Strength For the Minimum of Cost?

The Following Will Be of Interest.
All scientists agree that the cereals are man's natural food, and that the nearer we live to nature the healthier and happier we are and the longer we may live.

To keep pace with the food requirements of the age is the constant study of those whose business it is to supply the same.

Cereal foods are the cheapest and best to eat and hardy food is the one that is selected by the food wise.

Hardy food is made from the choicest selected grains and is prepared by new and original methods with rigid care and cleanliness.

Those portions of the grain which produce harmful results are discarded and only those elements needed for brain, nerve, bone and muscle building are retained.

Hardy food is especially beneficial to those with impaired digestion and is the only prepared food from which the excess of starch and glucose has been eliminated.

Hardy food is so easily digested that it can be eaten by the aged, young people and the dyspeptic, and should be their principal meal every day.

A box of Hardy food contains as much nutrition as five pounds of beef. Instead of starving if ill, live exclusively on Hardy food for thirty days, avoiding all medicines and you will get back into a healthy condition.

Too great a variety in food is the cause of much illness and discomfort. A simple diet is best.

BIGAMIST

Left on the Day His Kentucky Wife Lost \$600 and is Found in His Indiana Home.

Indianapolis, Ind., Dec. 5.—Harry F. Green, of 1811 Barth avenue, this city, is in jail here charged with bigamy and grand larceny. A Louisville woman whom he married about a month ago, was the cause of his arrest. He has a wife and three children here, and was living with them when arrested.

Sometime ago he drifted into Louisville and made the acquaintance of a Mrs. Kuhn, who was doing a prosperous saloon business. He courted her for about a month, and they were married. The woman hid about \$600 in the seat of a chair at her home, but last Saturday she missed it. Green disappeared the same day.

The woman traced him to Indianapolis. The police here had no trouble in locating him, as he was married in Louisville under his own name. He will be returned to Louisville at once for trial.

CLEVER DESIGN FOR CARRIAGE OR EVENING WRAP.

Where one does not belong to the very first flight of fashion, and a single wrap of dressy design must needs do duty as a carriage and an evening wrap, the subject of the illustration herewith will present many suggestive ideas. The material is one of the satin faced broadcloths that the French term a drap de satin, or a satin cloth, so high is the luster of its surface. Such a faint shade of pink is used in this that it presents a yellowish tint in some lights, and this is cleverly emphasized in the use of brown velvet in the form of bias folds for a trimming effect. To a shallow shoulder yoke, which is incrustated with cord passementerie, and inlays of velvet, the coat is shirred both back and front, the cut being somewhat of a circular design, so that it falls in folds that increase in richness until the hem is reached. The length is calculated to come almost to the feet in front, and there is a slight dip towards the back, so that the outline of the train of the skirt is observed. The sleeve is extremely full, and the novel sling effect is introduced, a band of velvet carrying out this piquant effect. The accompanying gown is a spanielized machine combined with incrustations of real Chantilly lace, the whole posed over a white chiffon and white peau de cygne. The chapeau has a rounded, flat crown of sealskin, a trim of princess lace, and the steep cache peigne in the back is trimmed with a frothy ruche of white, malpette.

LEAD
From a Policeman's Revolver Killed
the Crazy Finn Who Had Shot
Two and Slashed Others.
Ashtabula, O., Dec. 5.—After
shooting two men and stabbing three
others, Jack Kaujanapaa, a Finnish
dock laborer, is dead at the morgue
due to a policeman's bullet. Kaujanapaa
crazed with liquor, started to
"clean out" a saloon, snooting John
Herlevi and Otto Makki each in the
neck, inflicting wounds that may
prove fatal. Running amuck, he shot
and slashed right and left, thrusting
his knife in John Makki's shoulder
and cutting the arms of Matt Hakulinen
and Oscar Koskinen. By this time
Kaujanapaa had scattered the crowd
and started along a street,
shooting at random.

Patrolman John Hummer, himself
a Finn, appeared. The crazed man
made for him with a knife, but the
policeman shot him dead.

MRS. SARAH J. WINDROM
Mrs. Sarah J. Windrom of Chicago
cousin of Zachary Taylor, twelfth
president of the United States, and
grandniece of Alexander Hamilton,
who signed the Declaration of Independence,
says:
"Vinol is a Godsend to old people.
I am 76 years old, but have a hearty
appearance, sleep soundly, and feel
active and well today, thanks to
Vinol. When I was young cod liver
oil was dispensed in a greasy, unpalatable
form, and it fairly gagged me to
get it down. Vinol is entirely different,
very palatable and nourishing to
improvised blood. It is the
finest tonic and strength creator I
ever used in my life."
Our local druggist, Frank D. Hall,
says: "This is because Vinol contains
in a highly concentrated form,
all the medicinal and body building
elements of cod liver oil, taken
direct from fresh cods' livers, with all
the useless oil eliminated and tonic
iron added."
"There are hundreds of old people
in Newark who need just such a
strength maker and tissue builder as
Vinol, and we can only ask every
such person to try Vinol on our offer
to return money if not benefited."
Frank D. Hall, Druggist.

for Vinol in Newark, it is now for

THIS AND THAT
The wicked stand in slippery places
—we fell ourselves this morning.
This was a good day to wear your
skates.
The verdict in the Pastor Gay case
seems to be—just a little guilty; parson,
don't peep again.

During the open hunting season that
closed Wednesday many rabbits and
comparatively few quail have been
killed. An increasing number of land
owners in Licking and adjoining
counties positively forbid quail shoot-
ing on their premises and it is to be
hoped that wherever coveys of these
beautiful and interesting birds are
wintering that they will be kindly
cared for and fed by the farmers. Cold
weather, especially when there is
much snow, destroys them and they
are subject especially in winter to the
depredations of many natural ene-
mies.

The various store windows of the
city are beginning to put on their
Holiday attire, and many beautiful
presents of all varieties may be seen
in splendid array. The interiors are
also trimmed for the coming festivi-
ties, which are so near at hand, and
the shoppers are busy buying their
Christmas presents.

December will give us bad weather
until towards Christmas, and then it
will be bright, and moderately cold;
January will be a delightful winter
month, clear and breezy, and Febru-
ary, for a good part, will bring about
as mean weather as this climate ever
affords. So say the first three days of
December.

Only 16 more shopping days before
Christmas. It's time for the buyers
to get busy.

The American man of business is
adopting simplified spelling. As a re-
sult, the simplified forms of words
are going out daily, in thousands of
business letters and in advertisements
where they are being read by millions
of people. In addition, nearly 100 daily
newspapers, trade journals, magazines
and other periodicals are using some
or all of the space-economizing forms.
These words, consequently, as a nat-
ural result of their frequent appear-
ance in print, are rapidly becoming
less strange to the eye of the average
American reader.

SANTA CLAUS HERE

REFRESHED and smiling after his long journey, our good friend Santa Claus began the first day of his visit this morning. After putting his house in order and eating a hearty breakfast, consisting of chops, eggs, buckwheat cakes and two cups of coffee, he was waited upon by representatives of the local news-

papers. An exchange of greetings and he made this statement for publication: "Yes, I am always glad to come to Newark and Newark's Big Store. What wonderful changes one short year has made here. Why, I could hardly believe I was in Newark. Not the least progress I was glad to note is in the stores. Take my Headquarters for instance; The Powers-Miller Co. What a great store it is getting to be! You Newark folks must be proud of it, and you have a right to be! Well, so am I, too. You see, when I first made it my Headquarters here some people criticised my judgment. But I had faith in it always. Time has vindicated my judgement in full measure."

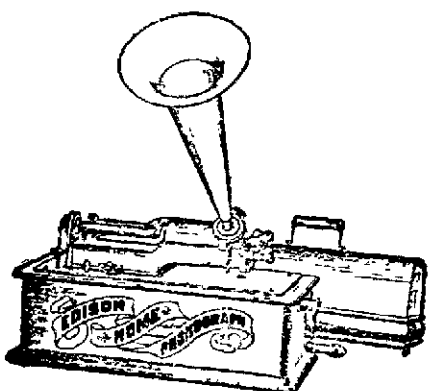

"Well, you can tell the people, young and old---to come and see me, and those who can not come can phone, and say that this year I have not only the largest collection of toys and dolls with me, but the finest place to show them, Newark folks ever saw, and new things in abundance."

"But you cannot give this too much publicity---I implore people to commence Christmas buying at once, there are but 17 shopping days before Christmas. Long experience has taught me that holiday shopping is more satisfactory at present than during the inevitable rush the few days before Christmas. Folks can choose from stocks when at their best and prices as low as they ever will be."

"This firm will store goods bought now for Christmas and deliver when desired."

DAY'S BUSINESS IN COURT HOUSE

MRS. MYRTLE GOODIN GRANTED DIVORCE WEDNESDAY BY JUDGE BRISTER.

Radwell Case Set for Saturday—Property Transfers—Other News of the Courts.

The divorce case of Myrtle Goodin vs. John Goodin was tried by the Probate court. The parties have been married about four years and years and have no children. They separated over three years ago owing to the failure of the defendant to support his wife. The plaintiff was represented by Attorney Eugene Moore of Pataskala and the defendant made no appearance in court. The court granted the plaintiff a divorce on the grounds of neglect.

Wants Another Hearing.
The case of Silas Radwell, who was charged with horse stealing, came up before the Probate court on an application for a rehearing in the case and to be discharged from custody. On application of the plaintiff the case was continued until Saturday morning at 8 o'clock.

Motion for New Trial.
A. H. Jones, by his attorneys, Jones and Hunter & Hunter, has filed a motion for a new trial. Jones was found guilty of employing child labor at the American Bottle company's plant this city, after 7 o'clock at night.

Demurrer to Answer.
In the case of A. A. Stasel vs. Wm. Lavin and others, the plaintiff demurs to the answer of defendant for the reason that it does not state facts sufficient to constitute a defense to the petition. A. A. Stasel, attorney for plaintiff.

In Common Pleas.
The case of Lavinia Wilkins vs. John C. Snyder was on trial to the court and jury Wednesday. Plaintiff claims damages growing out of the removal of roof to dwelling in which plaintiff was residing, belonging to defendant, claiming that while the roof was removed rain entered the house, damaging her household goods, and that she herself became sick with iritis, losing the sight of one eye. The roof was removed to place on the building a slate roof. Smyth & Smyth, Andrews; Kibler & Montgomery.

The court announced that in no case where leave has been given to plead prior to this date, will additional leave be given after the expiration of this term of court.

Answer Filed.
In the case of William R. Thompson against the Columbus, Newark & Zanesville Electric Railway company, the defendant has filed his answer, in which he denies every allegation in plaintiff's petition, not specifically admitted to be true. Defendant says that if the plaintiff sustained the injuries mentioned, that such injuries were caused wholly by the carelessness and negligence of plaintiff. Defendant says that at Monroe street, where plaintiff claims to have been injured, there is an unobstructed view in both direction of the track of the defendant, and that plaintiff failed to stop, look or listen or take any precautions whatever before attempting to cross the tracks of defendant; that if plaintiff had stopped, looked or listened he could easily have seen and heard the approach of defendant's car. Defendant therefore asks to be dismissed with its costs. Pomeroy & Pomeroy and J. R. Fitzgibbon, attorneys for defendant.

Decree Granted Plaintiff.
The Probate court was engaged all day Tuesday in hearing the case of Nellie Nicolai against Wilbur Nicolai, suit for divorce and custody of an infant child. The plaintiff resides in the East End, this city, and the defendant about one year ago abandoned the plaintiff and went to Lancaster to live. Each party made charges and counter charges of infidelity, and the plaintiff also charged the defendant with drunkenness and gross neglect of duty. The court granted a decree to the plaintiff on the ground of gross neglect of duty, and awarded the custody of the child to Mrs. Nicolai, who was also given \$15 alimony.

A Queer Exchange Of Apologies

THE night Mr. and Mrs. Elton held their reception at the inside club Mr. Elton, whose eyesight is very poor, bowed politely to every one he saw, including the waiters. Mrs. Elton remonstrated with him for this, and so the remainder of the evening he was more careful in distributing recognitions. But the following unfortunate accident occurred nevertheless:

At 9:30 Mrs. Elton came to him with a wild look in her eye and delivered herself of the alarming news that the silverware they had brought to be used for buffet lunch was in a box downstairs in the cloakroom. Would he hurry down to get it and come up the back way?

Mr. Elton turned to a man at his elbow. "Follow me," he said.

In a moment the box was opened and Mr. Elton fished out an armful of spoons. "Take these," he said, thrusting them at the man. "Fill your pockets as fast as you can. Somebody might come and catch us. I wouldn't have this known for the world. Here's another handful. Tie it up in your napkin."

"Napkin?" exclaimed the man. "Do you suppose I brought a napkin to this reception?"

"Oh, my dear sir," cried Mr. Elton, realizing his error, "I beseech you to pardon me—I entreat you to forgive me—why—er—I took you for a waiter."

"That's all right," responded the guest, with a deprecatory gesture. "Don't give the matter another thought. I took you for a thief!"—Lippincott's Magazine.

This Time the Waiter Tipped.
William C. Whitney, Jr., who has spent a year in Indian Territory learning practical mining at Quapaw, described at a dinner party in New York a Quapaw restaurant.

"One evening at this restaurant," he said, "two miners near me got into a botanical argument about the pineapple, one claiming that it was a fruit and the other that it was a vegetable. In the midst of their argument the waiter entered in his shirt sleeves and looked about to see what was the cause of the loud talking."

"The miners decided to let the waiter settle their argument, and accordingly one of them said:

"Pete, what is a pineapple? Is it a fruit or a vegetable?"

"The waiter, flicking the ash from his cigar, smiled at the two men with pity."

"Neither, gents," he said; "it's an extra."—Boston Herald.

A Slight mistake.

"Do you call the product of your pen literature?"

"You seem to have made a mistake. I don't believe I have the honor of your acquaintance."

"Oh, aren't you Scribblington, the writer?"

"No, sir; I am Packingham, the packer, and you will find the name of the product of my pen plainly printed on the cans."—Chicago Record-Herald.

Happier Nevertheless.

"Yes," replied the shade, "I am far, far happier than when I was on earth with you."

The widow was silent for a moment; then she said:

"Tell me, James, what is it like in heaven?"

"Heaven?" said James. "I am not in heaven!"—Young's Magazine.

All Indorsed.

Tom—So she refused your suit?

Dick (sadly)—She did.

Tom—I wonder what kind of suit would attract her?

Dick—Oh, one with plenty of big checks.—Chicago News.

SHARON'S NEW MANAGER.

Sharon, Dec. 5.—Robert A. Kling, of St. Louis, who has been playing professional ball for the past nine years has been selected as manager of the Sharon team of the O. P. league for next season. Kling has played with some of the fastest professional teams in the west and together with being a good infielder is a fair hitter. During the season of 1906 Kling's batting average was .337. Kling was recommended to Secretary Clepper by A. G. Spalding.

O'BRIEN GOES TO SHARON.

New Castle, Pa., Dec. 5.—Pitcher Edward O'Brien and Shortstop John Wilke, who played in the City league here, have been signed by the Sharon O. P. team for the coming season. Both made good records last year. The latter was tried out by Sharon the latter part of the past season and made good. Both are now working in Sharon.

SCHWARTZ IS A PAPA.

Akron, O., Dec. 5.—First Baseman William Schwartz of the Akron baseball team has become the father of a 10 pound son. Schwartz is a former Cleveland boy and two years ago was with the Cleveland team. He married an Akron girl and is now a resident of this city.

CROMLEY AN ATTORNEY.

Tate Cromley, of Mt. Vernon, Kenyon college man and pitcher for the Indianapolis A. A. club, was in Columbus Tuesday taking the December examination for admission to the Ohio bar.

Manager Boston Americans.

Boston, Dec. 5.—It was announced that President John I. Taylor of the Boston American baseball club had arranged with Charles S. Stahl of Fort Wayne, Ind., centerfielder of the team, to be manager and captain next season. Stahl was acting manager during part of last season.

Goes to Toledo.

Philadelphia, Dec. 5.—Manager Mack of the Philadelphia American league baseball team announced that he had released Harry Armbruster to the Toledo (O.) team. Armbruster is an outfielder.

Gives Up Baseball.

Detroit, Mich., Dec. 5.—Business Manager P. J. Navin of the Detroit American league baseball team received a letter from Pitcher Frank Donohue, tendering his resignation as a member of the club, and announcing that he had purchased a hotel in Philadelphia and will give up baseball.

Manager of Milwaukee.

Milwaukee, Dec. 5.—President Harry announced the appointment of Jack Doyle, late of Des Moines, as manager of the Milwaukee team of the American association.

HORSE BADLY HURT HAD TO BE KILLED

A horse belonging to Ryan Bros., grocers, whose store is located on East Main street, near the Penn's, vana crossing, ran away on Oakwood avenue Tuesday afternoon and in its mad flight ran against a tree on the sidewalk and broke its hip. Dr. Priest, who was called, found it necessary to kill the animal.

The horse has a record for run aways which is not equalled by any other horse in the country. Four, or five times in the past month the animal has created excitement in East Newark by running away. Once the driver was thrown out and badly injured. The beast ended its career by hitting a tree Tuesday. The owners expressed themselves as being relieved by its death. It was a val-

uable horse, but when hitched to a post would break its fastenings and run away without any apparent cause.

BOWLING

The Flicker club took three straight from the Spring club last night at the Music Hall. Cloud rolled high score and high average. After the game, Rhinehart of the Spring club rolled the fine score of 244 which is the high score in the contest for the pocket while onered for high score this week. Tonight the Railroad club will bowl the Consumers. Scores:

CHIEF AND MAYOR WILL EAT QUAIL

—MAYBE

Chief Sheridan went hunting Wednesday and was gone from the mayor's office but 45 minutes, yet without leaving the city limits, the officer returned to the mayor's office and exhibited to the mayor and newspaper men seven pump quail.

However, the chief did not shoot the birds. He received word that a small package had been left at the Idlewild park gates and an investigation disclosed the presence of a shoe box containing the birds. The chief looked the matter up and found that a Newark woman had started for Delaware to visit some friends and intended taking the quail with her. She waited for an interurban car at Idlewild park and forgot the box. It later fell into the chief's hands. The chief and the mayor will have a game supper if the owner of the birds does not claim them.

STRENGTH COMES

Not From What You Eat, But From
What You Digest.

Most people eat most foods without discrimination—it matters little what they eat. Few stop to think what that food does for them. This is the first turn on the road to dyspepsia. Reckless disregard of the proper choice of foods, rapid eating and improper mastication, are the unquestioned causes of all stomach disorders from the slight ache to the malignant cancer.

There is nothing more revolting than a dyspeptic stomach—a very vat for putrefaction sending forth its poison throughout the entire system, depressing the brain, befouling the breath, souring the taste, deadening the muscles, incapacitating the liver and kidneys for their work, debilitating the heart, choking the lungs and clogging the bowels.

All of these disagreeable and dangerous conditions are due to the improper digestion of food and the consequent assimilation of poison. What else can be expected? If the food lies in the stomach, if the system is constipated, fermentation is the natural outcome. It shows itself in sour watery risings, belchings, heartburn and painful breathing.

There is only one way to relieve this condition. If the stomach refuses to digest your food put something into it that will. Stuart's Dyspepsia Tablets are nothing but digestives. They are not a medicine. They work when the stomach will not.

Each tablet contains enough pepsin, diastase, golden seal and other digestive elements to reduce 3,000 grains of ordinary food to the proper consistency for assimilation into the blood.

Stuart's Dyspepsia Tablets are absolutely pure. There is nothing harmful in them as shown in their endorsement by 49,000 physicians in the United States and Canada.

Ask your family physician his opinion of Stuart's Dyspepsia Tablets and if he is honest toward you he will state positively that they will cure your stomach trouble whatever it may be, unless you have waited too long and have allowed your disorder to develop into cancer.

Act today and begin to end your suffering. A free trial package will be sent to your address upon request. The 50 cent size packages are for sale at your druggist's. P. A. Stuart Co., 67 Stuart Bldg., Marshall Mich.

HORSE STOLEN AT THURSTON, O.

BURGLARS USED RIG TO GET
AWAY WITH OVERCOATS
AND HATS.

Chief Sheridan Read Advocate and
Then Looked at Horse—Identifi-
cation Followed.

Chief Sheridan has identified the rig stolen from the home of W. L. Kemp in Thurston, Perry county, and the one found at the home of E. L. Roberts, west of Newark, as being one and the same. A telephone message to Thurston Wednesday morning gave an accurate description of the stolen rig and it tallied exactly with the description of the rig at Mr. Roberts' place.

The chief learned of the presence of the rig at the Roberts home by seeing the story in the Advocate. He went at once to the Roberts home and inspected the rig.

It was also learned that a burglary had been committed in one of the clothing stores at Thurston and that five overcoats, underwear, hats and caps, had been stolen. It is the theory of the police that the thieves drove from Thurston to the point where Mr. Roberts found the rig and took the interurban car with their booty.

BERING SEA.

Canada Obstructs Negotiations With
Great Britain.

London, Dec. 5.—President Roosevelt's reference in his message to congress to the negotiations between the United States and Great Britain over the Bering sea relates to the long pending efforts made to adequately protect the seal herds. The negotiations have been conducted chiefly at Washington with the co-operation of the American embassy here, and appear to be a part of a general plan to close up a number of outstanding questions in which Canadian interests are involved. The recent trend of the negotiations has been toward having Canada relinquish such rights as she possesses in the Bering sea in consideration for adequate compensation or concessions in other pending questions. However, these exchanges have not made any notable advance, as Canada regards her rights in the Bering sea in the light of a national asset, and while disposed to make a reasonable adjustment, she does not appear to be ready to give up her interests on the basis of the concessions thus far tentatively proposed.

SENSATIONAL

Developments in the Alleged Bribery
Case at Pittsburgh.

Pittsburg, Dec. 5.—With the arrest of J. H. Milholland, a civil engineer, on a charge of conspiracy to defraud, the issuance of warrants for the arrest of Joseph Flaherty and H. T. Bostaph on the same charge, the grand jury indictment against President C. S. Cameron, charging him with contempt and obstruction of justice, and the postponement until Dec. 17 of the conspiracy hearing of Common Councilman W. A. Martin, the developments in the alleged \$70,000 bribery scandal between the officials of the Pittsburgh and Tube City railroad and the members of the Pittsburgh select and common councils were sensational. Mr. Milholland is the engineer of the Pittsburgh and Tube City railroad President Cameron was indicted by the grand jury for his refusal to testify in Magistrate Brady's court in the conspiracy hearing of Councilman Martin.

ACCUSED OF FRAUD

New Orleans, Dec. 5. — N. G. Collins, alias Harry Gates, who was arrested in Chicago, is charged with using the mails to defraud. The indictment also implicates T. E. Barrett, who was associated with Collins in Chicago under the firm name of Barrett, Collins & Company. They are alleged to have circulated advertisements promising large returns to persons investing money in the "Co-operative Turf association." The latter concern advertised its intention to use the money so invested to bet on the New Orleans races on "inside information." Sums of \$10 to \$29 were asked from each investor. The two men are said to have netted \$60,000 by their operations.

LONG'S

(OF COURSE.)

MRS. MARCONI, WIFE OF WIRELESS INVENTOR, WINS PLACE IN LONDON'S "INNER SET."

TWO VIEWS OF MRS. MARCONI.

London, Dec. 5. The Hon. Mrs. Marconi, before her marriage with one of the noted men of the age in matters scientific was Miss Beatrice O'Brien, a popular Irish girl with the blood of kings flowing in her veins, and with whom her husband, also of Irish descent on his mother's side, fell in love on the spot when first he met her. It was, however, a case of "happy the wooing that's a long" how to manage them, she combines with an ease of manner which never forsakes her.
Doubtless one of the reasons why Miss Beatrice O'Brien deferred becoming Mrs. Marconi was her reluctance to substitute an Italian for an Irish name. It is, of course, entirely untrue that the wireless inventor at the time offered to modify his name slightly to meet her wishes, and to call himself McCooney.

ROBERT KERN IS ARRESTED WEDNESDAY

Robert Kern, of Newark an agent for A. J. Conroy & Co., of 293 East Long street, Columbus, was arrested early Wednesday morning by Patrolman Porter.

It is claimed that he sold a number of rugs at the pawnshop of Louis Newpuss, in East Long street, and failed to account for them, and that he did not turn over to his employers money he collected on them.

Chief Sheridan received a telephone message from Columbus Wednesday morning asking that he notify the parents of young Kern that he was locked up in Columbus.

Kern is well known in Newark, having been in trouble here. His last offense was the alleged forging of the name of his father-in-law to a check.
